May 12 - Jul 14

Registration Window:

Mar. 3- May 19

Price

\$129 per person

5% discount for groups of 10+

The Improving Reading for Older Students (IROS) Course is Student Achievement Partners' flagship professional development program focused on improving literacy instruction for students in grades 4-12. The course equips teachers with practical, research-based strategies that can be applied to their teaching immediately.

About the Course

Our updated course features enhanced multimedia resources, interactive activities, a focus on practical classroom application, and a strong emphasis on supporting multilingual learners. By popular demand, we've built out an all-new writing module. Woven throughout the modules are the concepts of joy and efficacy, central to the development of reading for older students.

✔ Five modules covering key reading accelerators:

Module 1: Laying the Foundation

Module 2: Word Recognition & Fluency

Module 3: Vocabulary & Building Knowledge

Module 4: Reading Comprehension

NEW Module 5: Integrating Writing Instruction

✔ 70% shorter than competitor courses

Our course focuses on what teachers across all subjects need to know so they can feel empowered to support striving readers faster.

✔ Practical, high-leverage instructional strategies teachers can implement immediately

✔ Downloadable resources and classroom materials
